

# CAPRI

THE ELEGANT, COMFORTABLE AND SAFE STAIRLIFT

✓ COMFORTABLE AND SAFE

✓ HIGH FLEXIBILITY

✓ QUICK DELIVERY

**VIMEC**

# CAPRI

For mobility in the home, choose the comfort and quality of Vimec Capri: with its unique technology and ability to turn corners, it is outstandingly compact, elegant and sturdy.

Capri has immense personality: the most comfortable seat on the market, which gives top priority to the needs of those who use it every day.

# Adaptable and elegant

Capri is the ideal solution for the comfort of the person and the elegance of the stairs.

**Capri** is the choice for the serene enjoyment of your home in freedom.

# Easy Installation

The Capri stairlift is designed and manufactured to adapt perfectly to your staircase: this makes it easy to install and minimises installation procedures.

The Capri seat enriches the home with custom technology and discreet, silent elegance.

## Ease of Use

Up and down travel: the joystick on the armrest makes all operation automatic and convenient. The floor control boards are wireless and can be used to place the stairlift in the position required or call it to the floor.

Remote control for floor selection

On-board joystick

Control lever for the seat rotation

Foldable rail

## Immensely flexible and space-saving

Designed for installation both on the outside (opposite the handrail side) and on the inside of the staircase (handrail side), this stairlift enables you to choose the layout best suited to your home's specific features.

No problems of space on the staircase: the footrest, seat and armrests all fold neatly away.

A Capri stairlift always adapts to your home and adds value to your stairs.

It only takes few simple gestures to familiarize with the Capri chairlift.

With the seat «Plus» is enough a simple gesture to fold the armrests, the seat and the footrest.

## Safety and comfort

You can move around exactly as you want, thanks to the various features included for your personal protection.

The footrest, in non-skid material, is fitted with safety edges ensuring that the Capri will stop when obstacles are encountered.

At the destination floor the seat can be rotated by 75°, fully facilitating a safe, and convenient unloading: the gradual start and cushioned stop provide a smooth ride, with complete comfort for all users.

The wide range of seat and rail colours available, allow you to match your interior design scheme.

Droptoe

Control lever for the seat rotation.

Seat rotation to ensure smooth unloading.

# Characteristics

- On-board joystick
- Comfortable and safe swivel seat
- Soft start and stop
- Remote control that allows the positions of the stairlift at the desired floor
- The footrest, made of anti-slip material, is provided with safety edges
- Minimal space requirement with folding armrests
